Adulteration of Food Amendment Act, 28, 280
Advertising nuisance, the, 836
Agricultural labourers, the earnings of, 409
Ailsa, the Marquis of, 290, 468
Air, Dr. A. C., a case of strangulation of the intestine and hemorrhage into the abdominal cavity, 765
Albumen, on a new test for, 691, 715
Albuminuria, acute, enlargement of heart in, 872
Alcoholic stimulation in disease, 14, 61
Aldeson, Lord, 824; presentation to, 29
Aldridge, Dr. J. H., hemorrhoids and their treatment, 233
Alexander, Dr. W., on the chloral hydrate, 79
—— memorial prize, the, 561
Allbutt, Dr. T. C., on the ophthalmoscopic signs of spinal disease, 76; the effects of chloral, 906
Allinson, Mr. A. W., obituary notice of, 533
Althaus, Dr. J., chromatic anæmia, 209
America, physicians in, 245
American charities, administration of, 28
—— Journal of the Medical Sciences (review), 233
Ammonia, injection of, into the veins, 506
Amusart's lithotomy forceps, 871
Anæsthetics, the use of, in the parturient state, 337
Anæmia, recurrent, with abdominal disease, 46
Anæsthesia in removal of upper jaw, 414
——, rapid general, on the production of, by chloral, ether, and ether, 423; remarks on the discovery of, 749
Anæsthetic discovery, the history of, 730, 830
Analysis, a piece of rapid, 365
Analytical and synthetical intelligence, 753
Anatomical Remains, a new system of colours, 277
Anderson, Dr. A. L., Locke and Co.'s Ale the best available cocoa of Messrs. C. and Hanbury's Cocoa, 272—Palatable cod-liver oil and palatable castor oil, 877—Lime-fruit juice.—Quinovate of lime, ib.—Liquor pepsinæ (Lond.), ib.
Anderson, Dr. A., obituary notice of, 214
——, Dr. McC., on the study of diseases of the skin, 149, 401, 487, 687, 807, 897
——, Mr. E. C., a full dose of iron, 257
——, Mr. T., mechanical aids to labour, 805
Aneurism, popliteal, danger of mechanical compression in, 80; of the abdominal aorta, 130; diffused abdominal, 412; of the aorta, or, 486, 487, 531; popliteal, two cases of, the one treated by digital compression, and cured in sixteen hours, the other by pressure from tourniquet, 561; double aortic, 570; popliteal, ligature of, in superficial femoral, 585; femoral, ligature of the external iliac for, 28; popliteal, excision of femoral artery for, ligature removed in seventy-two hours, 904; of transverse portion of aorta, 873
Angove's accident case, 702
Anointing in infantine disorders, 79, 214, 243
Anonymous charity, 251
Anæmia, cases illustrating the physiology and pathology of the sense of smell, 230, 286
Anstie, Dr. F. E., discovery in medicine, 767
Anthropological Society, 177, Memoirs read before the (review), 618
Anti-contagious Diseases Act Association, 605
Antiseptic system, on the effects of the, upon the salubrity of a surgical hospital, 4, 49, 89, 133, 181, and the, 91; case illustrating the, 404, 440, 512
Anti-vaccination meeting at Newcastle, 30
Antrum of Highmore, expansion of, 188
Anus, imperforate, 796
Aortic valvular disease, 834
Aphasia, 44, 518; on, (review), 832
Apothecaries' Hall, pass-lists of, 29, 67, 104, 140, 177, 216, 261, 298, 325, 362, 396, 431, 478, 504, 534, 570, 610, 718, 754, 790, 824, 861, 892, 920; and the future, 814; —— of Dublin, 828
Appeal, an, 181
Appendix vermiformis, perforation of the, 194
Appointment, a well-chosen, 170
Aquapuncture, 31
Areca-nut for tapeworm, 144
Army, boards in the, 24, 340; crime in the, 93; estimates, the, 284
—— medical service, the, 384, 599, 644, 885, 884, 921; promotion in, 108, 571; the army estimates and, 312; the Regimental System in (review), 615; the medical branch in Whitehall-yard, 641; promotion and retirement in, 674; a bonus scheme, 683; report for 1868, 916
—— medical statistics, 912
—— reform, 397
Arsenic, on the use of, 24
Artery forceps, on a new, 630
Artificial limbs, remarkable case of adaptation of, 88
Asphalte pavement, 852
Asphyxia by strangulation; considerable fall of temperature, followed by rapid rise of heat with the return of sensibility and intelligence; cure, 436
—— by, the, 136
Aspirator, the "new," 770, 859
Association of Medical Officers of Health, 104, 251, 710
Assured lives, rate of mortality among, 544
Asthma, bronchitic, on, 157, 183
Asylum grievance, a real, 526
—— reform, 457
Asylums, modern monster, 425
Ataxic aphemia, 448
Athletic sports on health, on the influence of, 515, 545
Atkinson, Dr. F. P., a few ideas on ophasia, 44
Atkinson Morley Convalescent Institution, 882
Attfield's Chemistry (review), 618
Australian furs, 80, 365
—— meat, 132
Auzias-Turenne, M., obituary notice of, 891
Aylesbury Dairy Company, 748
Baby-farming, 614; and its results, 883
Baculoviruses and dusts, 366
Bain's Logic (review), 237
Balantyne, Dr. R., acute traumatic tetanus treated by chloral, 898
Barber, Mr. H., the Preston Sick Clubs, 255, 290, 330
Barbour, Dr., testimonial to, 369
Barclay, Dr. A. W., the College of Physicians, 785
Barkas, Mr. W. J., poisoning by the berries of the ilex aquifolium, 573
Barker, Dr. G. R., punctured wound of the thorax involving the left ventricle, 62
——, Dr. P., treatment of uterine hæmorrhage after labour, 191; Lectures on Obstetric Operations (review), 160

Bone, pain in, 191
Bone-fune under Mall-fane, Windsor, 748
Bonn, University of, 752
Bosworth, Mr. J. R., fatal case of hæmorrhage following scarlet fever, 864
Bougie à boule and the bougie olivaire, the, 642, 697, 679, 713, 751
Boulay, Dr., death of, 29
Boulton and Park case, the, 780, 881; the medical evidence in, 911
Bournemouth National Sanatorium, 604, 694
Boutflower, Mr., testimonial to, 426
Bowie, Mr. R., obituary notice of, 149
Bowles, Dr. R. L., further observations on sterility, 875
Bradford Infirmary, 218, 628
Brady, Mr., M.P., presentation to, 425; and the Medical Bill, 653
Brain, on changes in the structure of the bones caused by disease of the, 191; diseased, 194
Brain-substance and its physiology, 179
Breast, doubtful tumour of the, 193; removal of, for soft cancer, 206; hypertrophy of the, excision, 413; partial removal of the, for scirrhus, 767
Brentford, small-pox at, 252, 259, 333, 468, 509
Bridport, sanitary inquiry at, 251
Bright, Dr. J., obituary notice of, 250
——, Mr. J., M.P., health of, 244, 281, 783
Brighton, drainage of, 33; the salt-water supply of, 393; the review at, 601; and Hove Dispensary, 177, 218, 426
Bright's disease, on, 804
Bristol Medical School, 831
British and Indian medical services, amalgamation of the, 352, 361, 794
—— Association, the, 284; the Sewage Committee of, 816, 863, 894
—— Association for Protecting the Rights and Privileges of the General Practitioner, 162, 168
—— Home for Incurables, 802
—— Journal of Dental Science (review), 123
—— Medical Association, 631, 781; special meeting, 749; the south-eastern branch of the, and the Medical Bill, 682
—— Medical Benevolent Fund, 93, 106, 142, 170, 218, 290, 325, 508, 534, 617

Briton Medical and General Life Association, 534
Britton, Mr. T., an explanation, 730
Broadbent, Dr. W. H., "false medical certificates," 294
Broadmoor Asylum, 746, 787
Brockx, Dr., death of, 29
Broken ribs, 525, 572, 881
Bromide of potassium and its impurities, 730
Brompton Hospital, out-patient department of, 501
Bronchitectasy involving the apex of the left lung, 874
Brook, Mr. T. G., obituary notice of, 431
Broster, Mr. A. T. A., administration of hydrocyanic acid, 751
Brown-Séquard, Dr. C. E., on the location in the spinal cord of a special set of motor nerves distinct from the voluntary motor, 2
Brown trout, the, 242
Bruxton, Dr. J., treatment of tapeworm, 893
Bryant, Mr. T., on the treatment of disease of the knee-joint, more particularly in reference to operative interference, 47
Buchanan, Dr. G., obituary notice of, 66
——, Dr. G., ligature of the femoral artery with catgut ligature dressed with carbolic acid, 577
Buckell, Mr. F. J., the University of London, 786
Bucks General Infirmary, 505, 643
Budget, the, 858
Bull-fights, 858
Burnie, Mr. T., extraordinary case of self-inflicted injury, 863
Burns and scalds in children, 207
Burslem and Wolstanton board of guardians, 435
Burton, Mr. W. W. C., obituary notice of, 203
Calmen, shelter huts for, 203
Cæsarean section, 335, 433, 505, 504, 638; after the death of the mother, 23; proposed modification of, 853
Calcaneum, excision of, 267
California, a new Medical Bill in, 363
Callender, Mr. E., obituary notice of, 681
Calomel fumigation, local, extensive ulceration of both legs, probably of syphilitic origin, cured by, 482
Cambridge University, 104, 640, 818, 892; passlist of, 30; natural science at, 742, 836; and the Medical Bill, 850
Camp sewage and irrigation, 604
Canadian graduates, 704
Cancer, medullary, of soft palate, 119; epithelial, of the tongue, 517; intrathoracic, on, 365, 676, 788; of tongue, 584
—— surgery, 12
Canterbury, Archbishop of, health of, 58, 531
Cantu, Dr., death of, 29
Capillaries, penetration of, by pigment cells, 770
Carbolic acid, treatment of carbuncle by, 180; its therapeutic position, with special reference to its use in severe surgical cases, 156, 188, 204; treatment of psoriasis by, 408, 602, 720; on the use of, in a case of syphilis with severe throat symptoms, 601; severe laceration of the hand treated by, 625, 923
Carbuncle, 69; treatment of, by carbolic acid, 180
Carbuncular inflammation, 119
Carden's amputation for chronic disease of knee-joint, recovery, 788
Cardiac dropsy, 835
—— physiology and pathology, 670
Cardiff Infirmary, 242
Cargill, Dr. J., case of partial placenta prævia; version; recovery of mother and child, 115
Carlisle, fever in, 32
Carmarthen, Joint Counties Asylum at, 160
Carotid, successful deligation of the, 123; left common, ligature of the, for secondary hæmorrhage after operation, with recovery, 836
Carruthers, Dr. J. B., case of inveterate chorea cured by chloral hydrate, 501
Carter, Dr. H. V., the fungus foot of India, 893
——, Mr. R. B., on a new form of demonstrating ophthalmoscope, 870
Catalepsy, an attack of, of 84 days, 12
Cataract extraction, observations on an improved method of, with illustrative cases, 581, 614
Catheter, on a new form of, for retention in the bladder, 261, 366, 465, 506, 552, 688
Cathrow, Mr. W., obituary notice of, 29
Cattle-plague epidemic, report on the, 784, 903
Caution to medical practitioners, 503
Cell Doctrine, the (review), 414
Census of 1871, 767
Cephalotribes, 122
Cerebritis, idiopathic general, 640
Cerebro-spinal disease, 207
—— meningitis, 84, 117, 450
Certificates, false medical, 207, 291; of cause of death, medical, 851, 921
Chadwick memorial, the, 30
Chancery lunatics, the visitorship of, 95
Chapman, Dr. J., the Contagious Diseases Act, 995
——, Mr. J., obituary notice of, 681
Charbon, the etiology of, 527
Charity of a professional brother, the, 20, 71, 107, 152
—— v. testimonials, 50
Chatham, the new local hospital at, 33, 252, 286
Chelsea Hospital, 215
Chemists' and Druggists' Almanack (review), 49
Cheves, Mr. A. B., a query, 507
Chilblains, 329
Childers, Mr., 913
Children's parties, 91
Chilian navy, 180, 256
Chinchona, 93; alkaloids, experiments of the Indian Government on the therapeutic effects of the, 415
Chinese therapy, 390
Chloral, a new syrup of, 271
——, hydrate of, 79, 212, 300, 372, 421, 429, 607, 643, 694, 694, 713, 721, 786, 821, 877; amputation during anæsthesia with, 18; notes of cases treated by, 112, 408; an antidote to, 387; on the action of, in the treatment of the insane, 443; case of inveterate chorea cured by, 501; treatment of lock-jaw with, 521; traumatic tetanus cured by, 559, 599; in cancer, 612; the mode of preparing, 743; the effects of, 905; patent, 928; recrystallised, 604
Chloride of ammonium, on the use of, in the treatment of suppurative hepatitis and chronic affections of the liver, 640, 726
—— of ethylidine as an anæsthetic, 640
Chlorodyne, composition of, 72
Chloroform, death during the administration of, 55, 297, 468, 599; and its dangers, 60; the administration of, 123; Dr. Richardson on, 202; attempted suicide by swallowing, 200; in criminal cases, 645; loss of speech after inhaling, 553; cause of death during inhalations of, 737
Cholera, Indian literature on, 200, 804; in Russia, 210, 284; in the Deccan, 643; at Fort William, 676; at Madras, 644
Chorea, 12

LECTURES, ETC.

Anderson, Dr. W. C.—
Lectures introductory to the Study of Diseases of the Skin—
Lecture IV., 143
Lecture V., 403
Lecture VI., 667
Lecture VII., 667
Lecture VIII., 667

Fergusson, Sir Wm.—
Observations on Lithotomy, and on certain Cases of Enlarged Prostate, 1

Fox, Dr. T. C.—
Lettsomian Lectures on the Nature and Treatment of Eczema, and, incidentally, the Influence of Constitutional Conditions in Skin Diseases—
Lecture I., 73
Lecture II., 237, 295
Lecture III., 529

Hulke, Mr. T. H.—
Address on Medical Education, delivered at the Meeting for the Distribution of Prizes held at University College on May 15th, 1870, 695

Jenner, Sir Wm.—
Clinical Lecture on Scarlet Fever, delivered at University College Hospital, Oct. 26th, 1869, 89

Maudsley, Dr. H.—
Gulstonian Lectures on the Relations between Body and Mind, and between Mental and Nervous Disorders of the Nervous System, delivered at the Royal College of Physicians in 1870—
Lecture I., 477
Lecture II., 609, 645
Lecture III., 709, 829

Miller, Dr. Alf.—
Address delivered at the Annual Meeting of the Medical Teachers' Association, Jan. 21st, 1870, 151

Murchison, Dr. C.—
Clinical Lectures on Medicine, delivered at the Middlesex Hospital—
Lecture I.—Relapsing Fever—Fatal Hæmorrhage from a Minute Ulcer at the Cardiac Orifice of the Stomach—Tubercular Meningitis, 103
Lecture II.—Pneumonia—Thoracic Pain in Acute Pleurisy—Jaundice from Obstruction of the Common Bile-duct by Cancer and by a large Gallstone, 221
Lecture III.—Latent Scarlatina followed by Infantile Gangrene—Acute Rheumatism, with Cerebral Symptoms, High Temperature, and Sudden Death, 723

Ringer, Dr. S.—
Lectures on the Clinical Use of Electricity, delivered in University College Hospital—
Lecture I., 831, 907
Lecture II., 879, 975

Semple, Dr. H. H.—
Clinical Lectures on Diseases of the Chest, delivered at Charing-cross Hospital—
Lecture V.—On Bronchitis Asthma, &c., 161

Volkmann, Dr. R.—
Clinical Lectures on Infantile Paralysis and Paralytic Contractions, 660, 693, 693

Lee, Dr. R., obituary notice of, 881

——, Dr. R., inquiry into the nature, origin, and treatment of hysteric disease, 488

Leeds General Infirmary, sum the Apothecary performed in the, during a period of over sixteen years, 153, 186, 238

——, the Vaccination Act at, 665

Leeming, Mr. R. S., description of a new splint for oblique fracture of the tibia, either simple or compound, 668

Le Fort, Dr. Leon, on the Contagious Diseases Act, 792

Legal acquittal, a bad, 36

Leg, fracture of the, from slight violence non-union; disease of the fractured tibia, 767

Legg, Dr. J. W., a Guide to the Examination of the Urine (review), 344

Leicester, sewage irrigation at, 238

Leith Hospital, 945

Lemon Mr. M., 795

Leonard, Dr., and the Contagious Diseases Act, 58

Leopold I., the case of, 33, 54, 136

——, Prince, 829

Leprosy, Dr. Beauperthuy's method of curing, 472; case of supposed, 734

Lesapa, M. de, 982

Lethby, Dr. H., report to the City Commissioners of Sewers, 195; on Food (review), 450

Levée, the, 363, 431, 534

Lichtz, Baron, 780, 981, 982

Life-life in Indian, 226

Ligature of arteries in amputations, 424, 680

Light, the action of, on the fecundated egg of the frog, 912

Lime-fruit juice, 877

Lincoln County Hospital, 709

Liquor hydrargyri perchloridi, B.P., 455

—— pepsinæ (Long's), 877

Lister, Mr. J., on the effects of the antiseptic system of treatment upon the salubrity of a surgical hospital, 4, 40; the Glasgow Infirmary and the antiseptic treatment, 210; remarks on a case of compound dislocation of the ankle, with other injuries, illustrating the antiseptic system of treatment, 404, 440, 512

Lithia, 323

Lithotomy, 695; observations on, and on certain cases of enlarged prostate, 1; completed, case of, successfully treated, 477; successful case of, in a patient aged sixty-five, 726; unusual complication in, 821

Lithotrity, 410; perineal, 43

Liveing, Dr. R., the treatment of psoriasis by carbolic acid, 602

Liver, carcinoma of the, 62; structure of the, 130; protoplasmic masses in the, 176, 0; hydatid disease of the, 476

Liverpool Corporation Hospitals.—The accident at St. Joseph's Chapel, 176—Dr. Trench's sanitary report, 467—Poisoning by liquor ammoniæ, ib.—The Contagious Diseases Act, ib.

Liverpool, medical reform at, 629; Workhouse, 565

Living, the, among the dead, 28, 407

Livingstone, Dr., 86, 206, 417, 818

Local health areas, 277

Locomotor ataxy or tabes dorsalis, notes on, 543

Locum tenens, a novel, 708

Loddon that's choosing by, 673

London, 480

—— dust, 832

—— Fever Hospital, the, 281, 282, 600

—— Hospital, 177; anniversary dinner, 681

—— Union Society, 945

—— University, 63, 710, 714, 780; matriculation of 1870, and the out-faculty system, 247; regulations of, 364; opening of the new building of the, by the Queen, 423, 535, 536, 642, 765; examiners to the, 590; pass-list of, 719

—— water-supply, 209

Longevity in Cornwall, 283

Lordat, Prof., obituary notice of, 789

Louis, M., and Dr. Marshall Hall, 702

Lowgrove, Dr. C., on a case of suicidal; sudden death from hæmorrhage, 729

Lowne, Mr. B. T., the Anatomy and Physiology of the Blowfly (review), 67

Lumbago, on, 803; acute, treatment of, 180, 470, 863, 922

Lunacy, the "Edinburgh Review" on, 677

Lunatic, Ardenhuthi, 945

—— asylum, a death in a, 671; for the county of Middlesex, a new, 358; asylums, 190; for the middle classes, 107; superintendents of, 174

Lunatics, the treatment of, 130, 232, 720; supervision of, 217, 292, 897; ill-treatment of, 500; the influence of, 615; and friendly societies, 170; and rib-breaking, 385; and middle-class asylums, 454

Lunn, Mr C., the use of the uvula, 752

PATHOLOGICAL SOCIETY OF LONDON.—Illustration of the effects of embolism, 83—Tumour of clavicle, ib.—Ulcer of stomach, 84—Cerebro-spinal meningitis, ib.—Rupture of the left auricle of the heart, ib.—Congenital malformation of the heart, ib.—Aortic valvular disease, ib.—Calculous pyelitis of the kidney, ib.—Annual report, ib.—Elastic pulsating tumour following the use of a trephine, 193—Vegetable parasites in the nails, 194—Diseased brain, ib.—Perforation of the appendix vermiformis, ib.—Tubercle of spine and dura mater, ib.—Interesting case of diseased heart, ib.—Elephantiasis Græcorum, 305—On osseous deposits as an exciting cause of tubercle, ib.—Lesions produced by feeding bovine animals with tuberculous material, ib.—Secondary fibro-plastic deposit in the lung, 519—Clotting of blood in the portal veins, ib.—Forced dilatation of urethra for stricture, ib.—Malformation of the tricuspid valve, ib.—Paralysis with muscular hypertrophy, 520—Double aortic aneurism, ib.—Fibrous structures in the wall of the left ventricle of the heart, ib.

ROYAL MEDICAL AND CHIRURGICAL SOCIETY.—A case of compound fracture of the patella, with an analysis of fifty-six cases of that injury, 159—Anæmia: cases illustrating the physiology and pathology of the sense of smell, 230—Extraction of foreign bodies from the stomach, 286—On certain morbid changes in the nervous system associated with diabetes, 289—Special meeting to consider the amalgamation scheme, 442—Inquiry into the nature, origin, and treatment of hysteric disease, 482—On idiopathic general cerebritis, 549—On excision of the joints for disease, and specially of the knee, hip, and elbow, 610, 733—Analysis of 184 cases of stone in the bladder of the adult treated by lithotrity, 605—On supra-condyloid amputation of the thigh, 674—Further observations on ureter, its pathology and treatment, 875

WEST KENT MEDICO-CHIRURGICAL SOCIETY.—On certain points in the treatment of venereal diseases, 414

Medical Societies, proposed amalgamation of, 87, 93, 165, 281, 309, 322, 447, 854, 879, 915

—— Society of London, 204, 241, 598; the oration at the, 673

—— student of the future, the, 73

—— Teachers' Association, 456, 886; address of Dr Miller, 161, 166

—— teaching, centralisation in, 845

—— ti les and qualifications, 636, 838

Medicine, disease, and death, 187

Medico-Psychological Association, 16, 835

Melanotic sarcoma of the ciliary body, protruding into the interior chamber; enucleation of the eyeball, 117

Melbourne, discoveries at, 456

Melville, Mr. A. S., the medical school of Queen's College, Galway, 70, 144, 254, 470, 806

Membrana tympani, perforation of the, 579

Mercantile marine, sanitary state of the, 122, 685

Merchant seamen, mortality of, 813

Merthyr Tydfil, anti-vaccinationists at, 208; mortality in, 810

Metallurgy, a Practical Treatise on (review), 192

Methylic ether as an anæsthetic, 483, 585

Metropolitan asylums, 249

—— Asylums Board, 94

—— boundaries, the, 562

—— Free Hospital, 754

—— Mutual Medical Aid Society, 706, 719

—— poor relief, 629

—— unions, the, 280

—— water supply, 678

Microscopical Journal, the (review), 122, 618, 720

Middlesex Hospital Club, 504

Midwifery, women as practitioners of, 887

Midwives, training of, 495; educated, 908

Military and naval medical officers' dinner, 852

—— hospitals, organisation of, 128

—— hygiene, 812

Milk diet in the treatment of diabetes mellitus, Bright's disease, disease of the suprarenal capsules, fatty degeneration, &c., 578

Milky abscess of the breast in children, 207

Miller, Dr. A., address delivered at the annual meeting of the Medical Teachers' Association, 161

Mines and miners, 310, 810

Minter, Mr. E. W., obituary notice of, 430

MIRROR OF THE PRACTICE OF MEDICINE AND SURGERY IN THE HOSPITALS OF LONDON.

CHARING-CROSS HOSPITAL.—Removal of breast for soft cancer, 206—Superficial caries of the tibia, ib.—Strangulated umbilical hernia, operation, death, 410

"DERBYSHIRE" HOSPITAL SHIP.—Cases of scurvy, 83—Aneurism of the abdominal aorta, 230

EVELINA HOSPITAL FOR SICK CHILDREN.—Treatment of diarrhœa, 118

GUY'S HOSPITAL.—Fatal wound of the vagina caused by a glass syringe, 81—Intermittent hæmaturia, 158—Temporary general paralysis, 191—Paralysis in epileptics, ib.—Treatment of headache, ib.—An epithelial growth removed from the tongue by the galvanic cautery, 517—General muscular atrophy, 683—Cases of obstinate vomiting, ib.—Removal of tumours from the buttock and arm, 695—Lithotomy, ib.—Intussusception in an infant cured by inflation of the bowel, 731—Tumour in the right hypochondriac region; chronic intussusception, ib.—Clinical remarks on the diagnosis of diseases of the stomach and œsophagus, on lumbago, on bichloride of mercury in the treatment of nervous affects, and on Bright's disease, 800—Malignant disease of the rectum; colotomy, 824

KING'S COLLEGE HOSPITAL.—Double scrotal tumour on the left side, formed by hydrocele of the tunica vaginalis, and hydrocele of the cord; clinical remarks, 81—Old traumatic stricture, with perineal fistulæ; the old operation of perineal section, 193—Total loss of the nose through disease; rhinoplasty by a new method; successful result, 203—Thrombosis of the middle cerebral artery; white softening of the brain, 409—Removal of a large epithelial growth from the right side of the tongue, 687—Two cases of strangulated hernia; early operation and satisfactory results, 847—Disease of superior maxillary bone; excision; clinical remarks, 584—Abscess of the frontal sinus; operation; cure, 694—Bronchiectasy involving the apex of the left lung, 874

LOCK HOSPITAL.—Treatment of chronic urethral discharges, 302

LONDON HOSPITAL.—A case of empyema treated by paracentesis, and subsequently by blistering; cure, 7—Keloid, 116; ulceration of the palate in young patients, ib.—Carbolic-acid dressings, ib.—Cerebro-spinal meningitis, 117—Pain in bone, 192—Separation of lower epiphysis and of epiphysial head of the femur, ib.—Hernia testis, ib.—Chronic obstructive laryngitis, ib.—The use of opium in strangulated hernia, 301—Ovariotomy, 446—Cancer of the tongue, 584

METROPOLITAN FREE HOSPITAL.—Case of syphilitic infection by an infant, 482

MIDDLESEX HOSPITAL.—Tapping of the chest in acute pleurisy, 8—Cardiac complications of renal disease, ib.—Local treatment of syphilitic ulceration by sulphurous acid, 46—Recurrent anæmia with abdominal disease, ib.—Dysphagia treated by the hypodermic injection of atropine, ib.—Acute orchitis treated by puncture, 158—Case of mal-descended testis, going in front of the inguinal canal, 229—Morbus coxæ, 302—Fractures of the femur, 445—Case of hemiplegia associated with aphasia, 518—Remarks on fever, ib.—Retention of urine from impervious stricture; paracentesis vesicæ supra pubem; recovery, 646

NATIONAL HOSPITAL FOR THE PARALYSED AND EPILEPTIC.—Case of glycosuria with nervous symptoms, 192

POPLAR HOSPITAL.—Cases of compound fracture of the skull, 836

ROYAL FREE HOSPITAL.—Complete dislocation of both patellæ, 82—New instrument for the operation of fistula in ano, 803—Acute necrosis of the tibia, amputation of the thigh, ib.

ROYAL LONDON OPHTHALMIC HOSPITAL, MOORFIELDS.—Injury to the eye of a boilermaker, excision of the globe, recovery, 45—Melanotic sarcoma of the ciliary body, protruding into the interior chamber, enucleation of the eyeball, 117

ST. BARTHOLOMEW'S HOSPITAL.—Doubtful tumour of the breast, 192—Removal of sebaceous tumours from the neck, and excision of joints, 480—Doubtful injury to shoulder-joint, of five months' duration, 583—Partial removal of the breast for scirrhus, 767—Colotomy, 835—Clinical remarks on gunshot wound of the fore-head, on ulceration and sloughing of the leg and foot, on warty scrofulous ulcer, and on releasing lower jaw of long-standing cicatrices by operation, 872

ST. GEORGE'S HOSPITAL.—The use of carded oakum as a surgical dressing, 45—Medical cases, 81—Case of collier's lung, 157—Salivary fistula, recovery after the introduction of a probe, 207—Extensive ulceration of both legs, probably of syphilitic origin, cured by local calomel fumigation, 482—Plastic operations, 767—Cases of epilepsy, scarlet fever, hæmoptysis, chronic disease of the kidneys, cardiac dropsy, and dysphagia, 838—Case of numerous vesical calculi; lithotomy, 873
